XIX. New Business

- **Jordan Vajda:** from Asian Pacific American Medical Student Association (student org at med school); how do we want to respond?
 - "We are planning on hosting a mental health summit in the Fall of 2020. The summit would include OSU Colleges of Medicine, Optometry, Dentistry, Pharmacy, Veterinary, Law, Nursing, and Public Health. Our purpose is to identify needs of the various colleges (through a primary need-assessment survey), and advocate for the mental health of future professionals, where burnout is much more prominent. We plan to address topics of interest by hosting keynote speakers, panels, and breakout sessions. Additionally, we are planning on applying for funding so that this event can be free for the attendees. We are seeking collaboration with IPC to help connect us with potential representatives within the other colleges."
 - Possible idea to incorporate this into our mini-series
- **Matt Hamrick; Elections Chair:** Call for nominations
