    - This is still helping most of our schools
    - Lacking interaction between schools
  - Stipulations:
    - Funding should go towards Law and Vet Med
    - No funding of Nursing and Rehabilitation Services
    - Make it “Law appropriate”

**II. President Update: Sarah Gartner**

- University Staff Advisory Committee (USAC) Proposal for University Senate
  - Staff looking to increase their representation in University Senate
    - We were worried that student numbers would decrease
    - Staff perspective is crucial

      - Changes % of representation but not actual number of IPC representatives
- A Resolution to Support the Creation of a Middle Eastern/North African (ME/NA) Category on University Documents
  - We currently lack at OSU the Middle-Eastern/North African category, so they are identifying as white or caucasian
    - Arab Dental Society
    - Cited core goals of OSU (i.e. greater inclusion, increasing student representation)
  - Asking for IPC to recognize that this is a category and see if there is anything we can do about it
    - Encourage further efforts and spread the word
    - Want IPC backing
      - 1. Start with Diversity Committee
      - 2. Talk to Dean Lloyd
      - 3. Go through Senate Steering (Sarah) and/or submit to University Senate (LT goal)

- University Research Committee Updates
