

**Inter-Professional Council
Senate Meeting
Ohio Union Senate Chambers**

December 2nd, 2018

IPC Executive Committee, Justices, Senators

President: Sarah Gartner

Vice President: Matt Hamrick

Secretary: Candice Park

Chief of Staff: Kyle Hickman

I. Speakers:

- MD Camp - asking for \$3600.
 - Arguments for more funding ~\$2000:
 - Camp aimed at increasing equity of students
 - Completely student run organization, so IP students DO benefit
 - We are the ones who help shape demographics of professional schools
 - Arguments against funding \$2000:
 - Funding allowance should be based on the % increase in growth of the program
 - IP students may not be directly benefiting from this kind of program
 - There is little tracking of students, so we don't know have a direct measure of the program's outcomes
 - *Also brought up in discussion that we need to alter the resolution criteria to assess each application/student organization fairly.
 - Historically, IPC has given MD Camp ~\$1750 (2016) and \$1300 (2017).
 - **VOTE: 27 YES/1 ABSTAIN/0 NO = MOTION PASSED TO GIVE \$1531.83**
 - Reasoning: this amount is proportional to their % growth from last year's program
 - Soft offer (but not a promise) for them to come back next year

II. President Update: Sarah Gartner
